E8 CYBER REVIEW

Managing their cyber risk
helps protect your business.

60% of SMEs never recover from a
cyber attack whether they have
a cyber policy or not.

You can't sell an insurance program to a dead business!

Our E8 Cyber Review reduces the risk of a cyber attack, which could result
in a painful claim and possibly the loss of your client.

Additional benefits for brokers to offer our E8 Cyber Reviews include:

Improved client retention

Reduce the risk of your
clients becoming one of the
60%, and keep them coming
back for more.

Stand out in a crowded market

Our E8 Cyber Review will set
you apart from your competitors
by offering a unique service of
genuine value.

Reduced claims

Proactively identifying and addressing
their risk reduces the likelihood of a
cyber incident resulting in a claim -
nobody likes a claim!

Cyber made simple

Our E8 Cyber Review does all
the heavy lifting allowing you to
reduce your clients cyber risk
without needing to become a
cyber expert yourself.

Cyber confidence

Be confident in your overall
assessment of the client's risk,
knowing that the cyber component
has been thoroughly explored by
the E8 Cyber Review.

Affordable & accessible

Previously, consulting a Cyber
Specialist was both complex and
costly. Our E8 Cyber Review is
designed to be accessible and
affordable for all SMEs.
